

Press Release

A look back at the Canada mission

October 22nd, 2023

i-Trans oversees actions in Canada as part of the European S-ACCESS project, which aims to help European companies bid for public rail contracts in Norway, Canada and the United States. A mission to Montreal and Toronto, organized by i-Trans, took place, during which we accompanied 20 companies, including CERTIFER, a member of the cluster.

The aim of this mission was to foster synergies with Canadian rail buyers. During these few days, the various members had the opportunity to exchange views with numerous Canadian rail companies, the Association Québécoise de Transports, the Toronto Transit Commission, and the Société de Transport de Montréal...
